A Word From Our Chair

Here we are in the beginning of a true new millennium, so what better way to greet everyone, new and old, but with the ASSN first newsletter of the 2000-2001. The group is a whole new team except for two past members. This has been a great go getting team for just learning the ropes. The group is trying to get everyone updated on the ASSN server, so that everyone can look up information. Please take some time and check out their good work.

The Holiday luncheon was a wonderful success even though we had to brave the weather that day. Tyeece Little, Gail Lawrence and Jo Sanders did a wonderful job singing and playing the piano for us. The committee is working on for this New Year the food drive, February

12-16th, and the bowling tournament, February 16th, what a great way to end the Arts & Science Week. If you have not signed up your team to bowl please do so by January 29th.

The committee is also gearing up for the staff luncheon on April 13th which we hope all of you will be able to attend.

We the committee are looking to help you as best we can. If you have any ideas or suggestions please feel free to call or email any one of us. We all hope that you can participate in the upcoming events because we would love to meet you. Getting to know the different people in the different schools is what we are all about. The College of Arts & Science has

30 departments with almost 200 staff members. We are trying to get the information to everyone so that we can all network together.
