This past year, 2002-2003, has gone by very quickly. It has been a challenge dealing with the budget crunches through the University. Some things did continue to happen. We had a School Drive this past October. The Holiday Potluck was held in January to give everyone a break during Christmas. The Bowling Tournament and Food Drive were held in February during A&S Week. The luncheon was the dilemma. We were informed by the Dean's office that they have no money for our Spring Luncheon. A vote was put to the A&S Staff. It was decided to hold it at a local restaurant. The Luncheon was held at Ryan's Family Steakhouse. The Staff Appreciation Award was still provided by the Dean's office.

The School Supply Drive was held last October. Three boxes were sent to each of these schools, Sturgeon Elementary School and Harrisburg Elementary School.

The Food Drive was held during A & S week, last February. We collected 105 pounds of food for the Central Missouri Food Bank.

The Bowling Tournament was also held during A & S week, last February. The Highest Scoring Team was ECON/EPARC

Please join me in congratulating NILA EMERICH from the Department of Biological Sciences. Nila was presented with the *2003 Staff Appreciation Award* at the Arts and Science Staff Network luncheon today. She received an award plaque as well as a \$200 cash award. Nila has been a dedicated employee of the department for 15 years. Nila, we appreciate what you do for Mizzou! Thank you Dr. John David for nominating a deserving staff member.
